

Heat Container HC 410 EL

Properties

- 0 to 410 kW heat capacity
- Heat 90/70°C
- Compact design in 10 ft container
- Mixed heating circuit
- Integrated Security Tank System
- Flexible deployment options
- Optional GSM error message

Specifications

Heat capacity	kW	0 - 410
Dimensions	mm	2990 x 2440 x 2590
Weight (transport)	kg	2500
Performance levels	steps	15
Expansion	litres	300
Pump	type	Magna 3
Round trip connection	inches	4
Available print	kPa	70
Electrical input	kW	415
Power consumption	A	600
Volt	V/Hz/Ph	400 / 50 / 3
Electrical connection	type	M10
Flow	m ³ /h	17.6
Minimum working pressure	bar	0.8
Maximum working pressure	bar	6
